EIKON PRICE LIST

Eikon is a series of single gas recyclable personal safety monitors available for the detection of either Hydrogen Sulfide, Carbon Monoxide, Oxygen, or Chlorine. A two (2) year operation is guaranteed and there are no parts or servicing required. Easy and unobtrusive to wear, with a patented cam grip pocket clip that keeps the unit in place, these units are resistant to water, dust, and chemical corrosion.

Eikon units are only available in the following versions.
